

Feadship Resale confirms the sale of *W*, marking a strong first year in operation

Hoofddorp, 22 December 2025 – Feadship Resale is pleased to confirm the successful sale of 57.50-metre *W*, concluded through a co listing with Worth Avenue Yachts. The buyer was introduced by Burgess and represents a new client for Feadship.

The transaction was characterised by a constructive and efficient cooperation between all parties involved, resulting in a smooth and timely closing process. The yacht's exceptional condition further supported a confident and straightforward sale.

The sale of Feadship *W* forms part of a notably strong first full calendar year for Feadship Resale. In 2025, the team was involved in four transactions across the Feadship fleet, including *Savannah*, *Les Cinq*, *Project Fun* and *W*.

Throughout the year, Feadship Resale maintained an active presence at leading international yacht shows, including the Palm Beach International Boat Show, Cannes Yachting Festival, Monaco Yacht Show and Fort Lauderdale International Boat Show, reinforcing its position within the global brokerage landscape.

Following its first year in business, Feadship Resale currently ranks second in the market based on the number of Feadships sold in 2025, and second based on the total number of Feadship listings.

With six active listings and a solid pipeline in place, Feadship Resale enters 2026 with strong momentum, building on a year that clearly demonstrates the value of a dedicated resale platform within the Feadship ecosystem.
